To Whom It May Concern:

My name is Kathy Stewart. I am currently a bilingual teacher at Harritt Elementary and I have been teaching in the district for sixteen years. I am writing this letter of recommendation for Diana Wanek.

I have had the pleasure of teaching with Diana for the last 6 years here at Harritt. I have found her to be a wonderful media specialist. She has ensured that she stayed current on all the new technology and software, and her lesson plans have always included computers. She has taken the Harritt students further into the world of computers than the average elementary media specialist. Diana has used the computers to teach not only basic computer skills, but also basic internet navigation, research skills, and other programs such as Animoto.

Diana Wanek is an extremely devoted teacher. She truly loves what she does and gets along well with the students she teaches. In addition, Diana has always been a wonderful resource for staff. She is always willing to help troubleshoot technology problems, or her knowledge often provides just the right resource or program needed for any given project.

I would highly recommend Diana Wanek for any teaching position involving computers and technology. She is a highly qualified teacher who would be an incredible addition to any school staff.

Please feel free to contact me with any questions.

Sincerely,

A handwritten signature in cursive script that reads "Kathleen A. Stewart".

Kathleen A. Stewart  
Bilingual Teacher  
Harritt Elementary
